

PNEUROP 50th Anniversary

PNEUROP is the European Committee of Manufacturers of Compressors, Vacuum Pumps,
Pneumatic Tools and Air & Condensate Treatment Equipment, represented by their National Associations

Pneurop

50th Anniversary

6 November 2008
Brussels

About Pneurop

Our Industry

Compressors

Tools

Vacuum Technology

Pressure Equipment

Air Treatment

Process Compressors

Process Compressors

PNEUROP committee 18

Chairman: Wolfgang Zacharias
SIEMENS PG I

Secretariat: Andreas Brand
VDMA

Our Industry provides ...

Comprehensive solutions for specific demands like

- Air separations**
- Petrochemicals and refineries**
- Oil and Gas**
- Gas to liquids**
- General chemical**

Standard and tailor made solutions for different applications

Different compression technologies like

- radial and axial compressors**
- displacement compressor**
- rotary displacement compressor**

Interests and Activities:

Monitoring European legislation concerning e.g.:

- ATEX Equipment INTENDED for use in potentially Explosive Atmospheres**
- Pressure Equipment Directive PED**
- Machinery Directive**

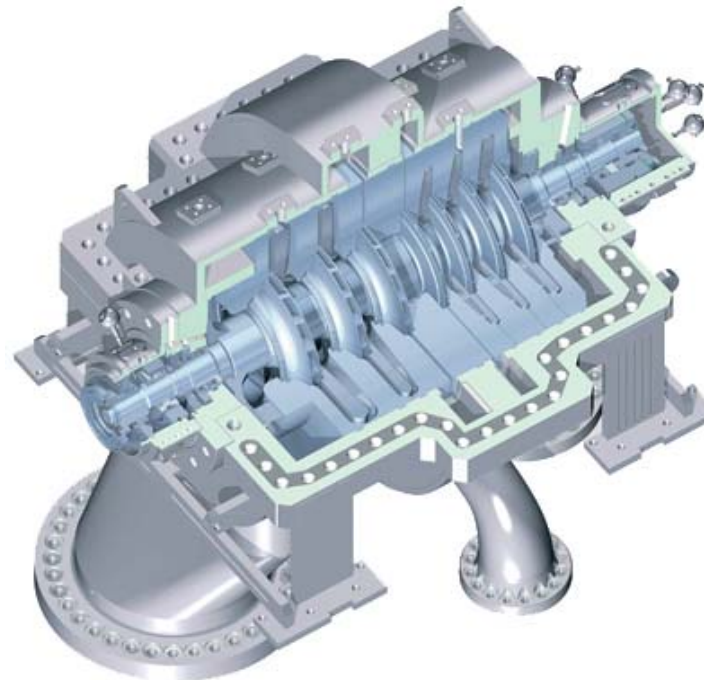

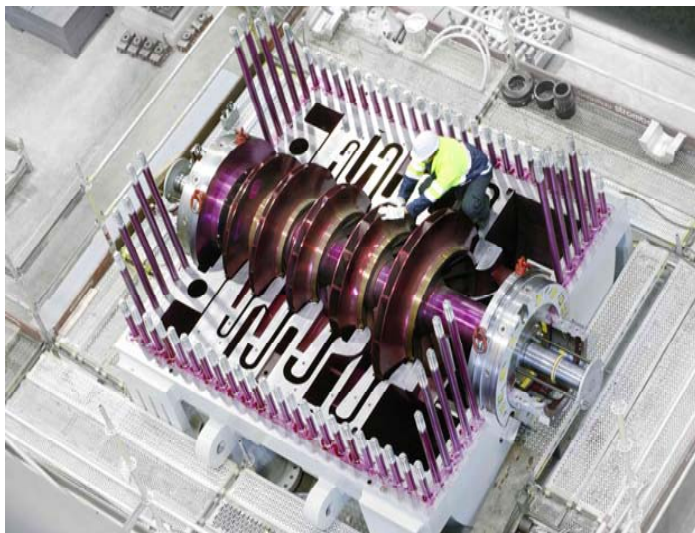

Supporting Standardisation concerning e.g.:

- Health and safety requirements**
- Oil & Gas**
- Functional safety**

Developing Pneurop Position papers concerning the above mentioned topics

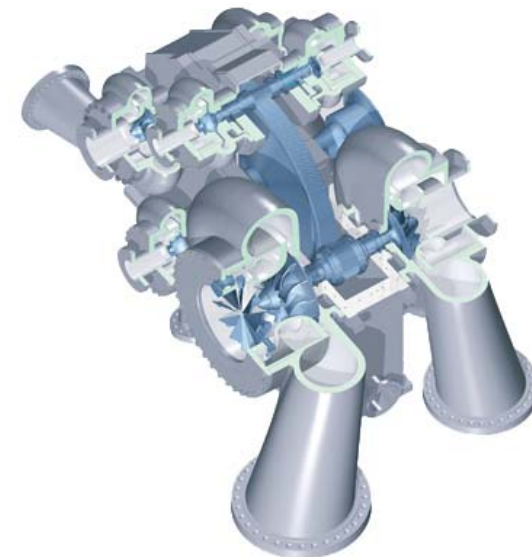

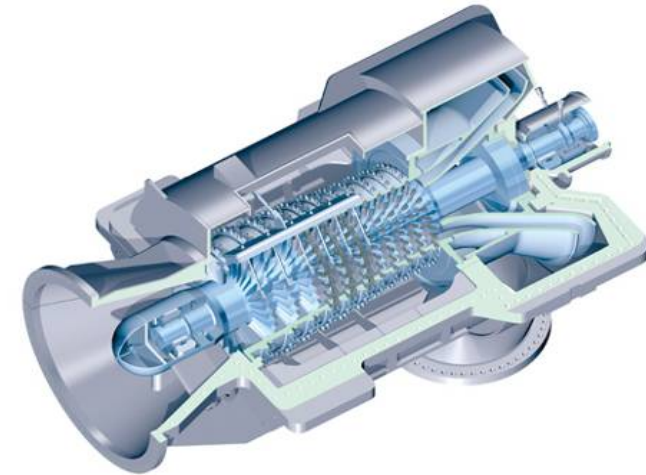

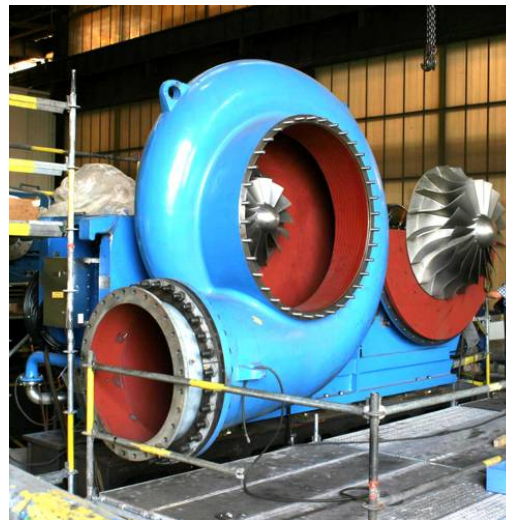

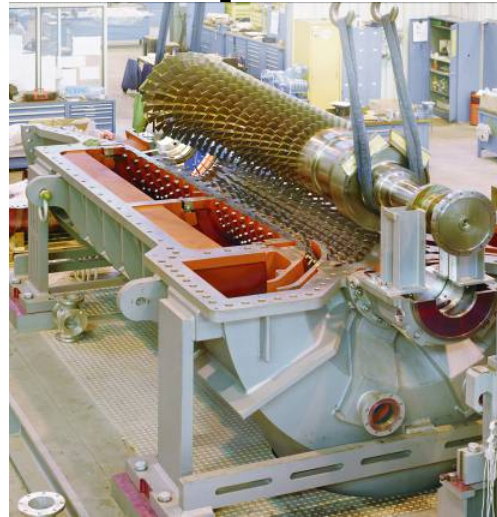

Main Markets and Compressor types

- Petrochemicals & Refineries
- Chemicals

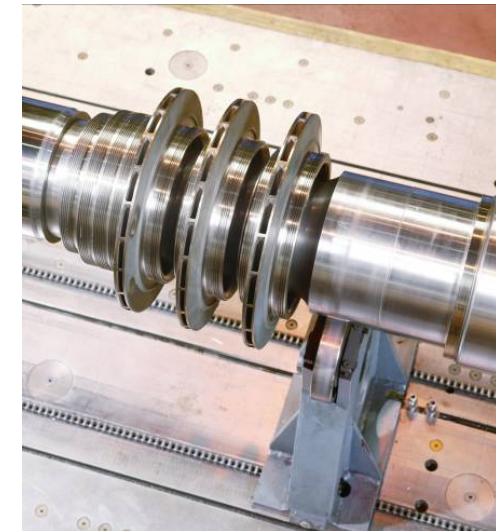

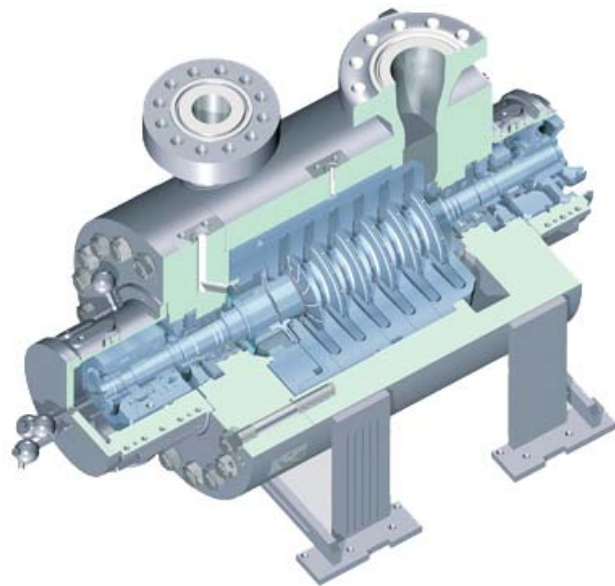

Main Markets and Compressor types

- Air Separation
- Blast furnace
- Gas to liquid

Main Markets and Compressor types

- Oil & Gas (Transport, Production)
